

BeSo[®]ACTIVE

- ▶ Enhanced evaporation of body moisture
- ▶ Fast drying
- ▶ Comfortable skin feeling

Smart effects with character

BeSo[®]ACTIVE – don't let moisture dampen your comfort

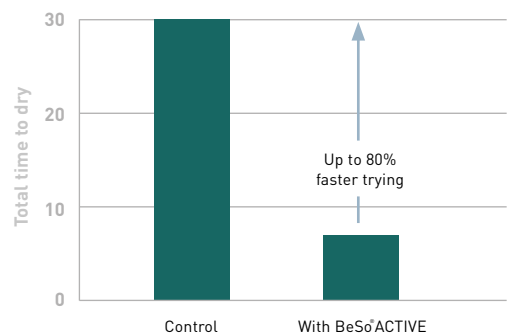

When cycling the scenic route, sometimes it is great to stop a while and take it all in or just catch your breath. But sweaty clothes will soon make you feel uncomfortable. Garments with BeSo[®]ACTIVE efficiently absorb body moisture and transport it to the outside of the fabric where it quickly evaporates. Thus, BeSo[®]ACTIVE provides a drier, comfortable skin feeling. BeSo[®]ACTIVE is the **best solution** of CHT's moisture management that combines comfort and softness along with a wicking effect and fast-drying performance.

BeSo[®]ACTIVE – just one of our smart effects with character.

Body moisture transport

Effective fast drying technology

- ▶ Optimally suited for all kinds of activewear
- ▶ Functionalises underwear, hosiery or socks
- ▶ Increases feel-good-factor in home textiles
- ▶ Provides excellent performance on cotton, synthetics and blends
- ▶ Measured by
 - evaporation test (M&S P 136 A)
 - wicking test (M&S P 136 B)
 - drop test (AATCC 79)

BeSo[®]ACTIVE
